

altona Diagnostics is a medical diagnostic company that develops, manufactures, and sells *in vitro* diagnostic tests for the PCR based detection of pathogens such as viruses, bacteria, or parasites. Headquartered in Hamburg-Altona, Germany, altona Diagnostics is privately owned and employs over 350 people worldwide. The company has been active in the field of molecular diagnostics for more than 20 years and is ISO 13485 certified. Our business model is simple and straightforward: good people making good products and offering good service. Come join us if you share the same philosophy!

To support our Finance team in Hamburg, we are looking for a highly motivated and committed

Controller (m/f/d)

Your responsibilities

- Preparation of regular evaluations and analyses with regard to sales, costs, and investments for the companies belonging to the group in Hamburg
- Controlling of the development of subsidiaries
- Participation in the creation and updating of corporate planning
- Further development of the controlling tools and processes used
- Assistance in preparing the annual financial statements
- Participation in the administration of the insurance portfolio, the vehicle fleet, and the registration system
- Special projects (e.g. upgrade of the ERP software)

Your expertise

- Completed business studies
- Several years of professional experience in controlling, ideally in an international environment
- Sound experience in dealing with ERP software, ideally Microsoft Dynamics NAV or BC365
- In-depth knowledge of common MS Office applications, especially Excel
- Very good knowledge of spoken and written English
- Analytical mindset combined with an exact way of working
- Confident presence with strong communication skills

Our offer

Benefit from a wide range of opportunities available within an expanding international company. You will work both independently and as part of a team in a highly motivated, open, and friendly environment. Family-friendly working hours along with a pleasant and familial working atmosphere await you.

Are you interested?

Then we are looking forward to receiving your detailed application including your availability and salary expectations. Please send us your complete application documents (ideally in PDF format) using the "Apply now" button. Your contact person is Ms. Dina Jensen.
